

Programming using C

Highlights 18:: while Loop

```
#include <stdio.h>

#include <stdlib.h>

main()

{

    int count = 0;

    while (count<10)

    {

        printf("\nCount = %d",count);

        count++;

    }

    getch();

}
```
